## Projects starting 2025-26

Title	Scope	Expected timeframe
<b>HMA_ANN_2526_004</b> <b>Cross-JSC Generalist Skills Review</b>	<p>This implementation, promotion and monitoring project is a cross-JSC collaboration activity working with Future Skills Organisation (FSO) and Service and Creative Skills Australia (SaCSA). The activity seeks to:</p> <ol style="list-style-type: none"> <li>1. Define the generalist skills needed across the economy</li> <li>2. Review relevant frameworks to identify and define the generalist skills</li> <li>3. Define how those generalist skills are related to foundation skills</li> <li>4. Determine existing coverage of those generalist skills, within selected training packages through analysis of existing units of competency and qualifications</li> <li>5. Identify duplication across training packages, qualifications and units of competency</li> <li>6. Identify gaps in existing products and priority product development</li> <li>7. Provide a roadmap to development, implementation and reduction in duplication over time across defined training packages</li> <li>8. Provide broader policy advice/advocacy to enable this approach more broadly, for consideration by Government or other stakeholders.</li> </ol>	<p><b>Commencement date</b> March 2026</p> <p><b>Completion date</b> January 2027</p>
