

# Pathology Qualification Review

## Help bridge the skills gap

This project will review two pathology VET qualifications that have not been updated since 2015.

- *HLT37215 Certificate III in Pathology Collection*
- *HLT37415 Certificate III in Pathology Assistance*

The project will seek to address common skills gaps in consultation with key stakeholders. These include employability, patient handling and digital literacy skills.

Project outcomes will better align qualifications to current industry needs and regulatory requirements and will create clear and sustainable career pathways to support existing and future growth in the industry.

### Benefits of being involved

Your involvement in the project is important and will:

- provide insight into roles and career pathways across the healthcare sector
- identify training and development needs to support the workforce
- ensure that industry has a qualified and skilled workforce.

### How to get involved

Visit [humanability.com.au](http://humanability.com.au) to find out more about the project and to register for project alerts, updates and consultation opportunities.
